

CORRALLED EVERY ONE IN VILLAGE

SIXTY-NINE WEST VIRGINIA STRIKERS ARE ARRESTED.

Taken in Custody by Major Davis and Company of Militia

TO FACE CHARGES OF RIOTOUS ACTS

Which Resulted in Killing or Wounding a Dozen Persons.

Holley Grove Seems to Need Attention of Someone in Authority.

Charleston, W. Va., Feb. 13.—Every man and woman in Holley Grove was arrested this morning by soldiers and taken before military court, charged with rioting and conspiracy.

Charleston, W. Va., Feb. 13.—A company of militia commanded by Major Davis, this morning at daybreak surrounded the strikers' camp at Holley Grove on Paint Creek and captured 69 men, every man in the camp. They were taken under heavy guard to Paint Creek Junction where they will be tried for alleged participation in the disorders early this week when a dozen or more men were killed and many wounded. There are now about 125 strikers and sympathizers at Paint Creek Junction awaiting trial by the military commission, which will begin its work this afternoon.

Holley Grove has been one of the most troublesome spots in the Kanawha coal fields. A camp was established there by the striking miners early last summer, and the military authorities have long suspected that many of the disorders that have marked the past few months originated in the camp.

Military officers were sent into the country north of the Kanawha river today to inquire into a report that miners at a mass meeting at Smithers Creek last night had adopted resolutions in which the death of Governor Glasscock, General Elliott and other leaders was decreed. Reports reaching here this morning said the resolutions had been printed and posted at many mining towns for a distance of 25 miles along the river. The signal corps restored wire service throughout the Paint Creek country during the night, but the lines are controlled by the military and nothing but official business is permitted to pass through.

FOUND CASKET OF VALUABLE JEWELS.

Washington, Feb. 13.—Under a guard at police headquarters today is a small, flat, tan colored leather casket containing a fortune in pearl jewelry and detectives are seeking its owner. It was picked up yesterday in the middle of a street in the fashionable section of the capital by W. B. Dixon, driver of a delivery wagon. Dixon promptly turned the jewels over to the police. The collection includes two bracelets, several pins and brooches, a number of rings and a pearl chain. More than two pearls from the settings. In addition to the pearl jewelry one of the brooches is set with turquoise. There is nothing about either the jewelry or the casket itself which gives any clue to the owner.

BAKER FIGHTS FOR TOM JOHNSON IDEAS.

Columbus, O., Feb. 13.—Mayor Newton D. Baker, of Cleveland, will appear before the cities committee of the house next Thursday morning in favor of the Bigelow bills which propose that all street car companies shall operate on streets without consent of the property owners. Yesterday the committee voted to recommend the bills for passage but when it learned that Mayor Baker wished to speak before them recommitted the bills. They are practically the same as the measures which Mayor Tom Johnson, of Cleveland, advocated before several sessions of the legislature and which failed to pass.

FIRE DAMAGES SEATTLE TIMES.

Seattle, Wash., Feb. 13.—The Seattle Times building, a four-story brick structure, and the Denny building, five stories high, adjoining the Times building, were partly wrecked by fire early today with a loss estimated at \$250,000.

BELEATED PRAISE OUT OF DUSTY PAST

New York, Feb. 13.—A packet of stock certificates turned yellow with age but believed to be worth over \$100,000 together with an unsigned will and other documents belonging to the late Brigadier General Daniel C. McCallum, have been found by a junk man in a pile of rubbish, it was learned today. These papers were found in a musty little trunk that must have been gathering dust for forty years. Attorneys are giving publicity to the discovery in the hope of finding General McCallum heirs. In addition to the stocks, which are mainly of New York and Virginia railways whose identity has long been lost in various mergers, there is a letter from Edward M. Stanton, secretary of war under Lincoln, commending the work of General McCallum and calling attention to the fact that it was largely through his ability as a bridge constructor that Sherman's memorable march to the sea was accomplished.

NASTY CHARGES OF GENERAL BRIBERY.

Charleston, W. Va., Feb. 13.—Judge Black, in criminal court today ordered a special grand jury convened for the purpose of investigating the charges that money has been used in the United States senatorial campaign now in progress in the West Virginia legislature.

Judge Black gave orders to process-servers to begin their work at once. It is reported that the grand jury will investigate not alone the actions of the five members of the legislature who were arrested Tuesday charged with bribery, but that the acts of other members of the house and senate as well as those of a number of men well known in state politics will be gone into.

SUFFRAGETS FEAR ANTIS

National Society Opposed to Female Ballot Rents a Hall

WHERE SPEECHES WILL BE DELIVERED

On the Eve of the Arrival of Lady Hikers in City of Washington.

Washington, Feb. 13.—Thousands of school children of Washington will swell the crowds which will cheer the trudging women in the suffrage parade March 3, if the board of education passes favorably upon a request from the National Suffrage organization that the schools be closed on that day. Captain James F. Oyster, president of the board today declared himself in favor of granting the petition.

While they were congratulating themselves on the evidently favorable attitude of the board, the suffragette leaders heard with some dismay that the national society opposed to equal suffrage had leased a downtown theatre for February 28 in which to hold a monster mass meeting to protest against the demand for the ballot. It is announced that women prominent both in political and social life will be among the speakers. The anti-suffragettes fearing that some of the adherents to the "cause" might adopt the militant methods of their English sisters today asked that extra police be appointed to attend the meeting and guard the speakers against violence.

"Violence," ejaculated a suffragist leader at headquarters, "why that is stuff and nonsense! Let our benighted sisters talk!" Elaborate preparations are being made for the welcome of "General" Rosalie Jones and her toiling "army" of suffragettes when they reach Baltimore on their hike from New York. Volunteers for the escort party are already filling applications.

READY IN TIME FOR NEXT WAR.

Washington, Feb. 13.—The super-dreadnought Texas, is 85 per cent complete, and if work on the ship continues at the rate set during the past year, the Texas should be finished in June, according to a naval report today. The battleship New York is nearly two-thirds complete and the dreadnoughts Nevada and Oklahoma about one-fourth.

BLAMES DRINK FOR DOWNFALL.

Columbus, O., Feb. 13.—Sheriff C. H. Johnson, of McConnellsville, and Detective Nugent, arrested Will J. Taylor, of Malta, formerly treasurer of Morgan county, and wanted there on a charge of embezzling county funds. Taylor resigned, it is claimed, and immediately the alleged shortage was discovered. He has been living at a local hotel here and blames drink for his troubles.

FEDERALS WERE SHOT TO PIECES

DETACHMENT OF GOVERNMENT TROOPS ANNIHILATED.

Strength of Rebel Leader, Felix Diaz, is, However, Waning.

DECISIVE BATTLE STARTED THURSDAY

In Which Seven Thousand Federals Face Three Thousand Rebels.

Rebels Make Up in Fewer Numbers by Possession of the Arsenal

SHOT TO PIECES.

Mexico City, Feb. 13.—Straggle federalists who arrived at the American embassy at noon declared that a detachment of government troops was shot to pieces on the western edge of the city early today. This indicates that Diaz has a mobile force outside his lines in the central district.

LANE PROTESTS TO MADERO

Mexico City, Feb. 13.—United States Ambassador Henry Lane Wilson prevented the issue of a general order to cut off all telephone communication late this morning. He protested to President Madero that the rebels were not connected with the system and the order would cause unnecessary hardship.

DECISIVE BATTLE ON.

Another fierce street battle which was expected to be decisive was begun between the federal troops supporting President Madero and the rebels under Felix Diaz in Mexico City at 8 o'clock this morning.

The government forces had the advantage in numbers, their army totalling 7,000 men against the 3,000 revolutionists under Diaz. General Huerta and President Madero declared that they would be badly disappointed and surprised if Diaz and his motley army were not reduced to submission before tonight. The battle opened with heavy firing by the federal artillery which had been strongly reinforced in the night. The rebels occupied the same positions as they held yesterday around the arsenal and the Y. M. C. A. building and from there they replied with a hot fire.

The population had either deserted the center of the city or remained hidden in the houses, as it was impossible to stir on the streets without running enormous risks. The federal forces were reinforced last night by the arrival of detachments of all arms of the service. Meanwhile the rebels had fortified themselves in the district, the center of which was the arsenal, which fell into their hands lately.

The rebels, however, are not increased in numbers and the size of the army under the command of Diaz is believed to be only a little over 2,500. Most of the federal troops who arrived in the night were those commanded by General Angeles which he had called from Guernavaca. The total of these is said to be 1,500 and they brought with them two pieces of heavy artillery with much ammunition and stores. Lieutenant Colonel Barron, who has conducted dashing campaigns during the revolution in Michoacan and Guanajuato, arrived with a small force, while Colonel Ocaranza, another young officer with a reputation for brilliant work, came in at the head of 200 federal troops from Vera Cruz.

The infantry fighting lasted only a few minutes and was succeeded by a more intense cannonade from the rebels at the arsenal. The federal battery stationed in front of the British legation replied and drew much of the rebel fire.

The cannonade soon lost some of its viciousness and it seemed that the rebels were conserving their fire, although they continued to throw shells toward the palace. One federal battery kept steadily in action at the Colonia station on the Paseo Reforma and another on San Juan De Letran street.

No serious attempt had been made till noon to rush the fortifications of the rebels. At that hour General Huerta dispatched from the palace a considerable force of federal cavalry.

All Americans Warned.

Washington, Feb. 13.—Ambassador Wilson's overnight dispatches were laid before President Taft today immediately upon his return from Philadelphia. They contained principally an account of the most

WATCHMAN HICKS COULD DO NO MORE.

North Baltimore, O., Feb. 13.—Despite heroic action and presence of mind on the part of Baltimore and Ohio watchman Hicks, which saved the lives of a number of pupils, Walter Kingsley, nine, was ground to pieces at the crossing of the railroad here.

A group of children awaiting for a freight train to pass, stood on the opposite side of the crossing from that on which Hicks was standing. The watchman realizing that the children would cross the track as soon as the freight passed, at the risk of his own life stepped between the tracks and as the caboose of the freight passed, spread out his arms and sought to prevent the rush of the children.

Young Kingsley in some manner evaded Hicks and ran onto the track where he was struck by the fast moving train and killed.

WAS HOAGLIN TURNED DOWN?

Columbus, O., Feb. 13.—Members of the universities and colleges committee of the house of representatives today voted to hold the first public hearing on the Hoaglin anti-fraternity bill next Wednesday evening. At that time only the friends of the bill will be allowed to speak. At a following meeting, the opponents of the measure will be heard. The author of the bill, Representative Hoaglin, of Paulding county, today offered an amendment to the bill which would allow of the conviction of fraternity members when they are found wearing fraternity emblems or entering fraternity houses.

LIFE IN DANGER.

New York, Feb. 13.—Renewed threats against the life of District Attorney Charles S. Whitman because of his activity against police grafters have caused him, as a matter of precaution to carry a revolver. Permission to go armed has been granted both to him and to his chief assistant, F. J. Groehl.

TIRED OF DODGING ARMS OF THE LAW.

Jackson, Mich., Feb. 13.—After being a fugitive from justice since 1888 when he escaped from the penitentiary, Thomas Atkinson last night surrendered to Governor Brewer and instead of being remanded to prison was granted a pardon. Atkinson told the governor that for the past three years he had spent his time dodging the authorities and that he was tired of that sort of life and wanted to place him in the governor's hands.

HEAVY GLOOM ON TAILORS

Who Invested Much Money in Fancy Military Uniforms

ON EXPECTATION OF SOON SELLING THEM

Senate Fails to Confirm Mr. Taft's Appointments, So Watine.

Washington, Feb. 13.—Gloom as black as the blackest midnight has settled on the leading military tailors of the capital as a result of the senate's failure to confirm the appointments and promotions of army and navy officers for the land and sea fighters in considerable numbers are falling to take off the hands of the tailors uniforms and other glad raiment until they are authorized by a military government to don them. Uniforms to the amount of between \$25,000 to \$30,000 made up and waiting, are now lying idle on the tailors' shelves. A number of these appointed to the army and marine corps as second lieutenants, after successfully passing competitive examinations gave up their civil positions in expectation that they would be appointed promptly. As a result a majority of them are short of funds and because of the deadlock in the senate over President Taft's nominations, it is not probable that the appointments will be confirmed at this session. Accordingly, both the aspiring officers and perishing tailors must need mark mournful time.

SNYDOR PROUD OF HIS OWN COMPANY.

Washington, Feb. 13.—Julian C. Snyder, a member of the fire department, occupies a cell today while the authorities are investigating charges that he sent in a false alarm of fire, calling out his own company and others, so that his country brother "could see the horses run." Snyder was showing his brother the city sights last night when three small boys declared they saw him "pull" the fire alarm box. The country brother also was arrested.

LAWMAKERS TO ADJOURN NEXT MONTH

IF PLAN OF SPEAKER SWAIN MEETS WITH APPROVAL.

Present Ohio General Assembly Has Already Introduced \$30 Bills

WHICH REQUIRE CAREFUL CULLING

Several Watchful Democrats Claim to Have Discovered 'Sleepers.'

Kennedy Bill to Abolish Capital Punishment to be Voted On.

Columbus, O., Feb. 13.—A movement was begun today in the general assembly to have both houses adjourn on March 21 and adjourn sine die within two weeks thereafter. The movement contemplates a second session of the assembly next January subject to the call of Governor Cox. Owing to the fact that already 530 bills have been introduced in the house and senate, the early adjournment plan would necessarily mean the discarding of most of the pending legislation and the passage of only of important administrative measures.

The suggestion for the March 21 adjournment is that of Speaker Swain of the house. He believes that if both houses hurry they will be able to complete their most important work by that date or at the very latest by the first of April. A recess of one week would be taken according to his plan and both houses would then reconvene for two or three days to complete the session.

The proposed session next January would be devoted solely to subjects named by the governor in his call. They will be the matters involved in the work of the industrial commission. These would include the eight-hour workday and the minimum wage. The probe of the state school system also would be taken up in the next year's session. Speaker Swain today announced that he will call the chairmen of all house committees together at once and ask them not to call committee meetings for Tuesday evenings or Thursday mornings, as sessions of the house probably will be held at those times hereafter.

By holding such extra sessions, it is the hope of the administration supporters to complete the work on all administration measures in the proposed time limit.

90 Days Not Enough. Complaining that the cold storage industry in Ohio would be destroyed, representatives of the industry appeared before the senate municipal affairs committee today, protesting against the McDermott bill. The measure limits to 90 days the length of time which perishable goods may be kept in storage.

"Sleepers" Discovered. Charging that there are "sleepers" in the bill, and that it does not provide for the pure Torrens system of land title registration, several democrats, announced today that they will oppose the Reid bill when it comes before the house for first passage late today.

Representative Warner, of Holmes county, probably will lead the opposition to the bill. C. H. Jones, of Washington C. H., who was a member of the recent constitutional convention, and who is the author of the bill introduced by the republican floor leader, was here today seeking the passage of his bill.

Perfect harmony prevails among the members of the sub-liquor license committee composed of members of the house and senate, according to a report which was circulated today. The members of the committee say that both the "wet" and "dry" committeemen have practically agreed upon a bill to be reported out and recommended to the house for passage. Speaker Swain today intimated that if such is the case, debate upon the measure will not be prolonged on the floor of the house. The speaker declared that should any other temperance legislation be offered at this session, efforts will be made to kill it before it is recommended to

committee. In his message to the general assembly, Governor Cox stated that he wished the law-makers to pass a suitable license code, and then refuse to consider further temperance legislation.

Kennedy Abolition Bill. The bill of Representative Kennedy of Lima, which practically would abolish capital punishment in Ohio, also will be considered by the house today. The bill provides life sentences for first degree murder, unless the jury recommends electrocution. Under the present statutes, electrocution is the punishment unless the jury recommends mercy.

NONE SEEM TO FEAR COX AS THEY USED TO

Cincinnati, O., Feb. 13.—County Prosecuting Attorney Pogue has taken action which it is said may indicate an attempt to reinstate George B. Cox, when he addressed a letter to Mayor Hunt requesting the records of a grand jury, which in 1911 indicted Cox on a charge of perjury in connection with testimony given before a grand jury in 1906. Prosecutor Pogue also wrote to the state attorney general's office, asking for an authenticated copy of yesterday's decision of the supreme court in which Hunt's demurrer to the quashing of the perjury indictment against Cox was sustained.

Pogue declares that the records of the proceedings of both grand juries were taken from the prosecutor's office when Hunt, then prosecutor, was elected mayor. Part of the records have already been turned over to Pogue, and Mayor Hunt has promised to turn over the remainder.

ALL WANT IN BIG PARADE

Arrangement Committee in Charge of Inaugural Program

BECOMING NERVOUS AT THE THOUGHT

Of Properly Directing Fifty Thousand Men and Horses on March.

Washington, Feb. 13.—Members of the inaugural committee are beginning to show some slight signs of nervousness over the extent of the problem presented by the unexpected growth of the procession of March 4, which promises to be the longest inaugural parade that has ever passed down Pennsylvania avenue. Although almost a month off, requests for places for 50,000 men in the line already have been received. It is feared that further requests will make the great band of marching men and horses difficult to direct.

The civic portion of the parade alone will aggregate 20,000 men, according to a partial list drawn up by the committee today. This division is being augmented every day and within the next three weeks may be doubled.

To date, it was announced, the state of Ohio has outdone all other states of the Union in sending representatives for the procession and the inauguration ceremonies. Formal notification was received by the committee that the entire Ohio legislature will adjourn for several days and come to Washington in a body.

TERM "AMATEUR" ELASTIC NOWADAYS.

New York, Feb. 13.—Changes in the rules defining "amateurs" are the most important matters to be considered at the thirty-second annual meeting of the United States National Lawn Tennis Association here tomorrow. Opposition has developed to some of the proposed amendments on the ground that they are too drastic and hostile to the development of the game.

FIND VALUED USE FOR LOW, WET LAND.

Washington, Feb. 13.—Discovering that low, wet lands virtually impossible of cultivation, can be used for the successful growing of basket willow, the department of agriculture announced today that it would be ready next month to fill applications from "farmers and others," for basket willow cuttings grown on its experimental farm at Arlington, Va.

Not to exceed 100 cuttings will be given each applicant. Recipients of the cuttings will be required to make a report on the treatment given the cuttings and the results. The aim of the department is to obtain data as to the variety of willow best suited to the various localities. For far as the experiments have gone it has been found that the European species does not do nearly so well in this country as native plants.

BIG STRIKE OF FIREMEN EFFECTIVE

UNLESS SOME AGREEMENT IS REACHED BY FRIDAY.

Each Side of Gigantic Controversy Refuses to Concede One Point

INCLINING TOWARD PEACE SETTLEMENT

Union Head Thinks Strike Necessary to Awaken American Public.

Charges That Responsibility Rests With Wall St. and Railroads.

New York, Feb. 13.—Unless some middle-ground of agreement is reached today or tomorrow by the fifty-four eastern railroads and their 84,000 firemen it is considered likely that a strike will be called Friday night, effective 48 hours thereafter.

This was the consensus of opinion today of those following the conferences, through which Judge Martin A. Knapp, of the United States commerce court, has been trying to bring the two sides together. Each has refused to concede a single point, however, and if no understanding is reached today President Carter of the Brotherhood says he feels that a strike will be necessary to clear the air. At the same time he insists that if the men do walk out the responsibility lies not with the union, but with Wall street and the railroads. It is said that the union has in its treasury nearly \$600,000 for an emergency fund. The railroads have made elaborate plans for a siege and have already begun hiring thousands of strike-breakers, it is understood.

IMMIGRATION ACT READY FOR TAFT.

Washington, Feb. 13.—President Taft today gave a final hearing on the new immigration act, against the literacy test of which there have been numerous protests from various sources. Objections also have been registered by several foreign nations, principally against the provision authorizing the placing of American inspectors, matrons and public health officials aboard foreign vessels. The Turkish government objects to the provision which would prohibit entry of polygamists or persons who admit their belief in the practice of polygamy.

The president today will decide whether to sign the bill or return it to congress with a veto. Should he fail to sign or veto tomorrow, the bill would become a law without his signature.

PERITONITIS KILLS PUGILIST DURKIN.

Hazleton, Pa., Feb. 13.—"Johnny" Durkin, of Avoca, Pa., 21 years old, a boxer who was forced to stop after the first round of his fight with "Young" Latko here Monday night as a result of what Durkin claims was a foul blow, died from peritonitis at the Hazleton hospital early today. He complained of a pain in his stomach since the fight with "Jimmie" Tighe, of this city at a Scranton theatre ten days ago.

WISE JAPS WARY OF 'NEUTRAL' CABINET.

Tokio, Feb. 13.—The new Japanese premier Count Gombel Yamamoto and the members of his cabinet have postponed their official installation into office owing to the decision of the old constitutional party not to support any purely non-party cabinet.

The diet met today and immediately decided to adjourn.

TO BE TURNED OUT IN DEAD OF WINTER

Paris, Feb. 13.—The United States embassy in France is about to be turned into the street. The landlord of the house in which the embassy offices are situated on the Avenue Kleber and where they have been located for 15 years has given notice that the place must be vacated on April 15 as he intends to transform it into a hotel.

The question of finding a suitable location for the chancery of the embassy has become a serious one, owing to the overcrowding of Paris.

Federals Were Shot

(Continued From Page One.)

OHIO TROOPS ALWAYS READY.

Columbus, O., Feb. 13.—Nothing has been heard from the war department at the adjutant general's office regarding any mobilization of troops for service in Mexico. "The Ohio National Guard is always in a state of readiness to take the field," said Colonel C. E. Peebles, assistant adjutant general. "A few hours' notice is all that is necessary for this purpose. We have demonstrated that we can respond to a call for duty in riot service as quickly if not more quickly than the regular army troops. In case it is necessary to recruit the various organizations of the guard up to a higher state this can be done without trouble because a recruiting office for such an emergency was appointed for each company under a general order issued by this department in December 1911."

If Ohio should be called upon for troops it is not likely that they will be mobilized at Camp Perry. It will be more expedient, the military authorities say, to mobilize them at some point in the central or southern part of the state from which they could proceed southward more advantageously than would be possible from Camp Perry where the railroad facilities are needless.

disquieting features of the fighting in Mexico City—the killing of two American women yesterday. Administration officials look with much apprehension upon the effect of the killing of two Americans, and one of the first results of the incident was last night's order to Ambassador Wilson to warn all Americans out of the danger zone.

The president is keeping in constant touch with the situation from three points of view. From the diplomatic side, which involves the actions of Ambassador Wilson in making representations to President Madero and General Diaz in the interest of the foreign life and property in Mexico; from the naval viewpoint as it concerns the extent of the activities of several thousand marines and bluejackets who will appear in the Mexican ports within the course of the next 48 hours and from the military standpoint which involves a determination of the question as to when, if at all, he shall give the word for the entrainment of the first brigade of the first division of the re-organized army of regular troops which now lies under arms with knapsacks packed and emergency rations ready for an immediate departure for the south.

Ambassador Wilson's course so far has the unqualified approval of the administration, though some of the army men question his attempt to stop hostilities. Admitting that his aim was to protect lives and property of Americans and other foreigners, they believe there will be less bloodshed and a speedy termination of the rebellion if the

combatants are allowed to fight it out with no interference.

Secretary Knox and his immediate advisers, however, do not accept this view and although instructions have been sent to the ambassador to do everything possible to induce the American residents of Mexico City to vacate their homes temporarily at least and go to some place of safety, there is no disposition there to criticize Mr. Wilson for his forcible representation yesterday.

Prepared for a further call for battleships, the navy department has kept Admiral Badger in command of the Atlantic fleet at Guantanamo, advised of developments. The ships with banded flags are ready to move at once to Vera Cruz or Tampico.

The marine corps, "always ready," is prepared for immediate embarkment of its companies at the Atlantic coast navy yards and stations. The marine forces on the Panama canal zone also is ready to move.

Telegrams to the war department of the three posts in New York state where the regiments of the first army brigade are stationed, report that body of about 3,000 men in condition to start for Newport News within three hours after an order from the chief of staff.

It has been suggested to the president that it might be prudent to dispatch the first brigade to Vera Cruz at once, even if the troops are to be kept aboardship indefinitely, as were the 1,000 marines on the Panther, who lay in San Domingo harbor for more than a month last summer. But because there is some fear that such a gathering of a foreign military force in this port, even though not landed, might inflame the Mexican public to acts of violence against Americans throughout the country, the authorities are hesitating to take such an action.

As Viewed in France.

Paris, Feb. 13.—The civil war in Mexico occupies a larger place in public interest in France at the moment than does the Balkan war.

The keenest attention is paid by members of the diplomatic corps to the possibility of intervention by the United States, the prevailing view being that this probability will occur before order has been restored. The French foreign office declines to make any comment on the situation as it wishes to maintain its attitude of neutral observation. The foreign minister, however, receives frequent communications from the French charge d'affaires in Mexico City. The Mexican legation in Paris also from time to time transmits to the foreign office encouraging messages received from the Madero government.

The interest taken in the situation by the ordinary Frenchman is chiefly a dramatic one and is stirred by the vivid narratives published in the newspapers of the fighting in the streets of a modern city.

Frenchmen hold considerable investments in Mexican securities, which have been little affected on the Paris bourse by the current events. There have been few transactions in these stocks and Mexican 5 per cents actually advanced 4 cents today after experiencing a slight depression on Monday.

Mexican Train Lost.

Laredo, Texas, Feb. 13.—The whereabouts of the northbound passenger train from Mexico City which left there Tuesday night still is unreported, and there is apprehension for the safety of its passengers. An unsuccessful attack was made on the southbound Mexican National lines passenger train which left here Tuesday.

American Officers Assaulted.

Washington, Feb. 13.—Anti-American feeling at Acapulco, Mexico, culminated in an assault upon two officers of the cruiser Denver before she departed yesterday for Acapulco, Honduras. The victims of the assault were Surgeon Camerer and Ensign Guthrie, who were passing through the streets. Neither was injured.

Real Leaders Meet.

Washington, Feb. 13.—A significant proceeding of the day was the early assembly of the joint army-navy board in Admiral Dewey's office. The call was issued by direction of Admiral Dewey himself.

It brought together at an opportune time for consideration of joint use of the army and navy the highest ranking officers of both services and the ablest strategists.

Besides Admiral Dewey and Major General Leonard Wood, the army and navy were represented by Major General Woodhousen, assistant chief of staff, Brigadier General Weaver, chief of the coast artillery, and Brigadier General Crozier; Rear Admiral Osterhaus and Vreeland, and Captain Potts.

Destroyed One Corner.

Laredo, Tex., Feb. 13.—A circular telegram transmitted to Monterey today by President Madero said that all day yesterday and last night the government forces bombarded La Ciudadela and succeeded in destroying one corner of that arsenal, occupied by rebel forces.

Americans in Need.

Laredo, Texas, Feb. 13.—A passenger from Mexico City on last night's train reported that at least one thousand Americans were without funds to leave the capital even if the opportunity presented because the banks had been closed since Saturday. A large number of Americans were at the station, he said, eagerly seeking to take northbound trains, but checks were refused as payment for tickets.

Many Americans, the passenger believed, were practically marooned at the station without food, shelter or money. He said railroad officials were doing everything they could to afford shelter to the women and children.

state of another freight was in doubt, since it was attacked.

Today's passenger list from Mexico City included Bishop Hendrix, of the Methodist Episcopal church, South, of Kansas City. He was a passenger on the south bound train which was attacked by rebels and returned north. Bishop Hendrix said that the whereabouts of the north-bound train from Mexico City was not known at the time of the attack at El Salado.

Bishop Hendrix said the rebel band appeared to bear a special grudge against the National railroad and immediately after robbing the cars of everything useful burned the rolling stock and undesirable freight.

Formerly Texas Girl.

Norfolk, Va., Feb. 13.—Mrs. H. W. Holmes, one of two American women killed during the battle in Mexico City, was the wife of Henry W. Holmes, formerly of Ivor, Southampton county, Virginia, and formerly a Miss Strickland, of San Antonio, Texas.

PLAN WOULD SAVE INTEREST ON BONDS

Columbus, O., Feb. 13.—Mayor George J. Karb, of Columbus, has addressed a letter to Congressmen-elect Brumbaugh, of the Twelfth district, suggesting that he introduce a bill in congress providing for the establishment of municipal national banks to care for the bonded indebtedness of the cities of the country. The scheme as outlined would save all interest on municipal bonds. It contemplates the issuance, by the municipal bank of national bank notes in exchange for all the municipal bonds issued.

TWO ARRESTS FOR MURDER

Cleveland Police Hold Man and Woman for the Byrns Crime.

NELLIE SULLIVAN AND FRANK KINNEY

Spotted by Detective Who Knew Them as Cincinnati Residents.

Chicago, Feb. 13.—Solution of the mysterious murder of Ralph Byrns, a retired sea captain, at Cleveland, 12 days ago, is ordered by the local police through two arrests made here today.

The prisoners are Nellie Sullivan, 29 years of age, and Frank Kinney, 55 years old. Byrns supposedly was shot by burglars. The Cleveland police have been looking for Kinney.

The Sullivan woman, known also as Woods, was born in Cincinnati, but has worked as a waitress in San Francisco, St. Louis, Cleveland and Chicago. Before John McDonald was a detective he lived in Cincinnati and married there, later moving to Chicago. He and his wife were acquainted with Miss Sullivan and Kinney.

When the Sullivan woman came here she innocently called on Mrs. McDonald and explained that she and Kinney had left Cleveland hurriedly after eluding the police. Mrs. McDonald told her husband and the arrest followed.

The murder of Captain Ralph Byrns took place here on the night of February 2. Byrns and his wife surprised two burglars on returning to their home after a visit with a friend. Although 64 years old, and unarmed, Byrns, an athletic man, attempted to over-power the intruders. He was killed.

The murder, one of 16 that have occurred here since January 1, later precipitated an announcement from Mayor Baker that he would investigate the efficiency of the police department and of Cleveland's famous "Golden Rule" police chief, Frederick Kohler, as soon as Kohler returns from a trip to Panama.

DAMAGE SUIT BEING HEARD

Case Growing Out of Election of Mrs. C. N. Dingleline Begun.

BURKHOLDER CASE GOES TO THE JURY.

Two Divorces Granted Today and Two Additional Petitions Filed.

The latter part of the afternoon yesterday developed into a very popular time for the filing of complaints about past connubial difficulties, and the invoking of the order of the court to solve the problems that several husbands and wives had been able to unravel.

Daisy A. Erkel, through her attorneys Halfhill, Quail and Kirk,

has asked the court to legally separate her from her husband, Joseph W. Erkel. In the petition that was filed with the clerk the statement is made that the couple were married at Crestline, O., on the third of June, 1894. That they came to Lima in August 1909, and since that time have made their home here. That there has been one child, a son, Forrest L. Erkel, now 1 year of age, born to this union.

The allegations of the petition upon which the divorce is asked state that the defendant has been guilty of habitual drunkenness, which began with occasional spree shortly after their marriage and has been continued with increasing degree from that time until it has now become habitual. That at times throughout these times of intoxication he has treated the plaintiff in a bad manner, that he has threatened her, has called her vile names and that at one time, while she was defending her child, she was struck by the defendant and knocked against a stove and was seriously injured. That in September, 1912, the plaintiff was forced to leave the defendant for protection, and that since that time they have lived apart and that she has provided for herself.

She asks the court to grant her a divorce, the custody of the child, and that she be given temporary and permanent alimony. A motion was also filed to restrain the defendant from disposing of a horse he owns in Crestline, and against which property the co-defendant, Valentine Pierman, holds a claim of \$500.

Another story of marital troubles was told in the petition that was filed by Susie Hart, asking that the bonds which united her to Harry C. Hart be severed by the court, and that she be granted an unconditional divorce. The plaintiff alleges that the defendant has been guilty of gross neglect of duty, that with idleness and dissipation he has failed to provide the plaintiff with the proper food and clothing, and that for the past some time the plaintiff has been compelled to provide for the defendant.

This plaintiff is represented by Attorney John Klatte. In her prayer to the court she asks that she be granted a divorce, be returned to her maiden name of Susie Vinegar, and whatever relief the court deems equitable.

One Divorce Granted.

In the upper chamber, or the private room of the common pleas judge, Judge Bailey this morning heard the divorce case that was filed some time ago by Grace O. Dismen, praying a decree of divorce from her husband, Foster Dismen. The judge granted the decree on the three causes for action that had been named, to wit, gross neglect, extreme cruelty and drunkenness.

The case of Charles N. Dingleline, the administrator of the estate of Caroline Dingleline, late of this county, against the Ohio Electric Railroad Company was begun in the court of the common pleas this afternoon, with Judge Bailey on the bench.

This is a damage suit for \$10,000 growing out of the sudden and tragic death of Caroline Dingleline at her home on the twenty-ninth day of August, 1912. She died by electrocution. It is said that she received a very heavy current when she attempted to turn on a light in the basement. The terrible details of this story will be well remembered.

This is the first of two suits that are based upon the same accident. The other is the suit of Charles N. Dingleline against the same defendants, but in this latter the man is suing personally. In the one called today he is the administrator of his wife's estate. The petition alleges that the Ohio Electric Company, which furnished electric light at the home of the Dinglelines, southwest of the city on the Wapak County club, is to blame for this death. Barr and Jackson represent the plaintiff, and Ritchie and Ritchie and Cable and Permenter the defendant corporation.

The case of Peter Burkholder against John and Jesse Stratton, which has occupied the attention of the court for the past three and one-half days, went to the jury at noon today. The middle of the afternoon yesterday the pleas were begun, and were finished this morning. About noon the judge completed his charge to the jury, and they retired, first for dinner, and then at 1:30 in the jury room they began to deliberate.

This morning Judge Bailey heard the arguments in the case of Creps vs. Creps, on a petition for divorce. The divorce was granted and the plaintiff given the custody of the child.

TO EXEMPT BONDS FROM CITY'S DEBT.

Cleveland, O., Feb. 13.—Mayor Newton D. Baker today sent to the Cuyahoga county legislative delegation at Columbus a bill to be introduced in the general assembly which exempts from the city's net debt city bonds voted by council for the purchase of a public utility, if that utility has sufficient revenue to meet interest and operation charges and keep up a sinking fund.

This bill, the mayor said, is necessary before there can be any campaign by the city to acquire control of the street railways. Such a campaign, he added, will depend upon the desire of the people.

WAR VETERAN DROPPED DEAD.

Hamilton, O., Feb. 13.—S. K. Taylor, 72, dropped dead on the street today. He was a veteran of the Civil war, and is survived by the widow and one daughter, Mrs. William James, of Lindenwald.

GOVERNOR COMING SOON

Telephone Message From A. P. Sandies Fixes Date at February 21st.

INSPECTION TRIP TO STATE HOSPITAL

Will be Followed by Evening Trip to Van Wert for Banquet.

Positive assurance that Governor Cox and his party would visit Lima one week from next Friday, February 21st, and later attend a banquet of the Van Wert county boys who made the Buckeye Boys' Corn Special trip to Washington at Van Wert was received by T. P. Riddle, of this city, this morning from Hon. A. P. Sandies, secretary of the State Board of Agriculture.

Mr. Sandies stated over the phone that the Governor would be accompanied by the finance committee of the senate and house of representatives, and that the inspection trip of the Lima State hospital, originally scheduled for Friday of this week, would be made at last time.

Inquiry at the office of the Progressive Association brought out the statement from Secretary Cooney that the latest word from the governor's secretary, George L. Burbank, was that the governor was obliged to cancel his arrangements for the trip Friday and that he would come at a later date, not yet decided upon.

However, the Progressive Association will carry out the original plans for the entertainment and reception of the governor and his distinguished party in the event that they honor this city with a visit. These plans include an auto trip to and from the state hospital, and luncheon at the Hotel Norval.

Since he assumed the office of chief executive of the state, Governor Cox has been besieged with invitations to attend a banquet at Van Wert, to be given in honor of the Van Wert county boys who were prize winners in the corn growing contest, and who were later rewarded with a free trip to Washington in the Corn Special.

When the Governor made his plans to come to Lima Friday, he also made arrangements to attend the banquet at Van Wert, which was to have been held next Friday. The cancellation of the Lima trip also meant the postponement of his visit to Van Wert, as he intends to visit both cities on the same day.

A meeting of the northwestern Ohio grain dealers, scheduled for one week from next Friday, has been cancelled by T. P. Riddle in order that it will not conflict with the later arrangements. Rola Mr. Sandies and Mr. Riddle, who are the main promoters of the Buckeye Corn Special, will be honored guests at the Van Wert banquet and will respond with toasts.

LIMA HI WILL MEET BLUFFTON FRIDAY.

Fast Basket Ball Game Promised at the Auditorium in the Afternoon.

Tomorrow afternoon the fans can have opportunity to see a very fast high school basket ball contest. Lima will lead the Bluffton boys a merry clip when the whistle blows at 3 o'clock. The Lima team has been doing hard practice and the boys are getting in form for the championship contest at Delaware on February 21-22. The Bluffton team is also prepared and will race for the state trophy. Coach Jackson is very confident and Principal S. Steffen has certified the following as eligible for that event: Don Ray, Ray Peck, Russell Ferrall, Robert Clutter, Franklin Cover, Harold Hildreth and Clarence Key.

The game tomorrow will in a measure show the relative strength of two teams in the state contest. Lima will play in the first division and will meet strong teams like Steele high, Dayton, and Springfield. Arrange to see the boys put up a great game tomorrow and aid in steering them with the needed enthusiasm when they go to Delaware.

LETTER FROM
H. A. TREUDLEY

Contains Encouraging In-
formation for Lima and
Its Citizens.

Secretary Walter M. Cooney of the
Lima Progressive association, is in
receipt of the following letter from
H. A. Treudley, industrial agent of
the Baltimore and Ohio Railroad
company, which has reference to
the proposed removal of the C. H. &
D. shops from Lima, and which is
self-explanatory:

Cincinnati, Feb. 11, 1913.
Proposed removal of shops of C.
H. & D. Railroad from Lima, Ohio.
Mr. W. M. Cooney,
Sec'y. Lima Progressive Ass'n.
Lima, Ohio.

Dear Sir:

Acknowledging receipt of yours of
February 1st, and referring particu-
larly to our conversation when in
Lima with yourself and other mem-
bers of your association, in regard to
the question of removal of our shops
from your city, beg to advise that
my information from Baltimore is
to the effect that at present at least
the matter of removal of shops has
not been considered. Naturally the
change of management and owner-
ship such as has recently taken place
of the C. H. & D. line and property,
many rumors as to various projects
are floated, but the plans of our
company can mean only one thing
and that is to build up this property
to its highest efficiency, and to do
that means furthermore the taking
of an active interest in co-operation
with each and every town and city
along this line; as it is true in op-
erating this railroad, as with any other
business, that there is a fixed charge
that must be cared for, and with ev-
ery increase of tonnage and revenue,
the expense must be reduced.

I therefore feel that you have a
right to be encouraged with the fact
that our company must in carrying
out plans put new life into the op-
eration of this property, and we are
anxious as you are that the city of
Lima should grow and prosper, and
we hope that your association and
your citizens will feel at liberty to
call upon us for such co-operation
as will help build up and increase
the general business of your city.

Yours very truly,
H. A. TREUDLEY,
Industrial Agent.

MANUSCRIPT OF THE REGULATIONS

Water Works Rules Drawn Up by
Service Director Morris for
Public Benefit.

The by-laws and the rules and reg-
ulations of the water works depart-
ment of the city of Lima, as they
have been approved and adopted by
the present director of Public Service
Morris, have been put together and
set forth in manuscript form by the
stenographer. All of the cans and
music, with and shalls, dos and
dout, as well as prices and regula-
tions are herein contained, and in
all total about ninety sections of reg-
ulations, control and rates.

To put these rules into such shape
that they would become clear and
unmistakable to all who were con-
cerned was no small task, and the
completed edition now in the hands
of Mr. Morris contains sixteen close-
ly type written pages.

It is the hope of the officials of
this part of the city administration
that all the patrons of this depart-
ment will thoroughly acquaint them-
selves with these rules, that there
may be no misunderstandings, and
no reasons of excuses for the excuse,
"I didn't know."

GUARDING AGAINST POISONED FOOD.

New York, Feb. 13.—Reports that
attempts upon the life of Police
Captain Thomas W. Walsh were
feared because of his confession to
police graft, involving others, were
sustained by admissions from
Walsh's physician today that his pa-
tient's food was being very carefully
examined before he was permitted
to eat it.

The district attorney is also tak-
ing no chances either on the rather
serious state of Walsh's health, or
on the risks of taking Walsh to the
court house. Accordingly it was ar-
ranged today for the grand jury
members, numbering 13, to visit
Walsh at his Madison avenue home
and to hold a formal session at the
bedside of the sick policeman.

THE WEATHER

Columbus, O., Feb. 13.—Forecast
for Ohio: Generally fair tonight and
Friday; rising temperature.Unsollected honors continue to
pour in on President-elect Wilson.
He has now been elected an honor-
ary member of the Boy Scouts.Dayton people are all swelled up
over the new million dollar hotel
building that is to be constructed
upon the site of the present Phillips
House. As this will be the first sky-
scraper in the Gem City its inhabi-
tants are probably justified in being
puffed up over it.It is a fact, perhaps not generally
known, that the constitutional
amendment which provided for the
appellate court contains a manda-
tory provision that the county in
each district selected by the court
as the point at which the sessions of
the court shall be held shall provide
adequate quarters for the accommo-
dation of the court during its ses-
sions. Allen county has been se-
lected by the judges of the court as
the place where this court shall sit,
but there are not adequate accom-
modations for it. The issue of bonds
which the county commissioners
have asked for will among other
things provide a fund with which to
furnish this court the accommo-
dations needful for its operation. It
is essential, if we would have this
city made the place at which the ses-
sions of the appellate court are to
be held, that the Allen county court
house be put into condition to prop-
erly care for them.

A DISQUIETING REPORT.

The short ballot movement in
Ohio is at a critical stage. Surface
indications at Columbus indicate
nothing but smooth sailing for the
project to the promotion of which
all three parties in the state are
pledged. There are recurring ru-
mors, however, that in the mat-
ter of the proposed constitutional
amendment—constituting the major
part of the ballot program before
the present assembly—subterranean
methods are being used to defeat the
reform. . . . This amendment
comprises three proposals:

1. To cut down the number of
offices to be filled by election.
2. To authorize a new form of
government for counties which may
care to adopt the same.
3. To divide counties which are
entitled to more than one repre-
sentative districts; to divide in similar
manner senatorial districts which
may be entitled to more than one
senator.

Each of these proposals is impor-
tant and should be adopted without
fail. It was a wise policy which
combined the three into a single
proposed amendment. It would be
extremely poor management now to
permit their separation.ROYAL

so popular on the Lima street car
line. There is absolutely no neces-
sity for a whistle or gong to be used
on the street cars in this city, which
the conductor can use to apprise the
unwary that the street cars are ap-
proaching a crossing. The noise
made by the flat wheels on the cars
can be heard blocks away, and has
the gong or whistle backed off the
boards.Congressman Mann, the republi-
can leader in congress, has unbot-
tled his eloquence and is condemn-
ing the democrats for what he de-
nominates their "extravagance" ininvestigating the money trust. He
no doubt, expresses the sentiment
of his party that it is wrong to dis-
turb the barons who have grown
rich off of the people. But had the
republican administration at Wash-
ington been a bit more diligent in
investigating the acts of those plu-
ocrats who manage the iniquitous
Trusts, they would not have grown
so formidable, and the present ex-
penditures to expose them would not
have been necessary. The work of
the Pujo committee is in the inter-
est of the people and the strictness
of Mr. Mann and his colleagues may
serve as an indication that they are
loyal to their masters, but it will not
stop the committee of the demo-
cratic congress from carrying to
completion the work they have laid
out.

A Really Serious Thought.

Another serious thing to think of
in this connection is that, if any-
body special should happen to be
barred from another presidential

he'd never stop talking about how
he could have got it with the most
ridiculous ease if he hadn't been
cheated out of it.—Ohio State Jour-

police court this morning, the ar-
raignment of two plain drunks being
the only incident to disturb the mo-

was no unfinished work to occupy
the attention of the mayor or the
police department.Frank Bruce and George Wiltz,
two men arrested during the night
for drunkenness, were arraigned be-
fore the mayor about 9 o'clock, and
pleaded guilty. One of them, Bruce,
was an old offender and he was as-

ance in the mayor's court, and he
was let down with a fine of \$1 and

New York, Feb. 13.—Daggers and

ters which Mayor Gaynor is receiv-
ing, according to intimations which
he made in an address at the annual
dinner of Cooper Union Alumni, last
night. He declared that the city ad-
ministration was not disturbed by the
"abuse" that had been heaped upon
it during the last three years.TERRIBLE TO THINK
WHAT MIGHT HAPPENPrinceton, N. J., Feb. 13.—Unless
"General" Rosalie G. Jones and her
"army" of suffragettes agree to
break ranks before entering Prince-
ton, where they are expected this
afternoon on their "hike" to Wash-
ington, they are in danger of bring-
ing down upon themselves the wrath
of the undergraduate body through
the violation of one of old Nassau's
most sacred traditions. It has long
been the custom here that only stu-
dents shall march along Nassau
street, the main and only direct thor-
oughfare through the town. In order
to uphold this custom the under-
graduates upon one occasion charged
a circus parade, liberated several
elephants and engaged in a free-for-
all fight with the circus employees.
It is the general belief, however,
that the suffragettes will comply
with the students' request and break
ranks during their walk through

OBITUARY.

Independence (Kas.) Reporter.
James McClain Campbell, father
of Walter K. Campbell, and well
known throughout the oil fields,
passed away at his home on the
corner of south Fourth and Steph-
enson streets, Friday, February 7,
at 4 o'clock, after a long illness
and much suffering. Dissolution came
as a blessed relief.Mr. Campbell had been failing for
a year. Last Thanksgiving day he
was suddenly stricken with a serious
attack and from that time until the
end came he was confined practically
all the while in his home and most
of the time to his bed. The last
time he left the house was on Christ-
mas when he crossed the street to
spend the day with his son. He
remarked that he felt the end was
fast approaching and that he would
not be with his family another
Christmas.During the past six weeks he had
been confined to his bed and had
been a great sufferer. Many times
it was thought he was dying and was
only revived with great effort. The
attending physicians did not give up
until recently restoring him to
health again, but he was discouraged
and did not have the vitality to make
the fight. Night before last it was
thought he was entering his last
sleep, but heroic efforts brought him
back and he spent a comfortable
night. But last night was more than
he could withstand and he was so
weak that in the small hours of the
morning his spirit took its flight
and he was no more.In the death of James M. Camp-
bell the community loses one of its
most upright and honorable citizens.
There was nothing small or ignoble
in his make-up. He was every inch
a man in the highest and fullest
sense. One of the last positions of
trust he held he gave up because
the methods used did not coincide
with his ideas of right.Decedent was born in Martins-
ville, Indiana, October 20, 1842, and
spent his early life in Aurora, In-
diana. He enlisted at the age of 18
as a musician in the Twenty-First
Kentucky band and served until
stricken with typhoid fever. Poor
health finally drove him from the
army and he went west and spent a
year in Nevada and later engaged in
the harness business with his father
in Aurora, Ind.While on a trip to Boston, Mass.,
Mr. Campbell stopped at Urbana, O.,
on the invitation of a friend, and
attended a camp meeting. It was
there he met Miss Ella Mary Knight,
of Washington, D. C., who was vis-
iting relatives in Bellefontaine, Ohio.
They were married a year later,
September 18, 1873. To this union
was born five children: Anna
Florence, Walter K., Stanley J.,
Edgar F., and Hazel R. Anna and
Edgar died of diphtheria in 1890.After his marriage, Mr. Camp-
bell embarked in the dry goods
business in Washington, Ind. In
1883 he moved to Lima, Ohio, and
engaged in the same business. Later
he was connected with the oil busi-
ness and was cashier of a bank.
He moved to Kansas in March, 1905
and helped form the Beeler & Camp-
bell Company, of which he was sec-
retary and assistant treasurer.Mr. Campbell's earliest remem-
brance of religion was going to
Methodist class meetings with his
father and mother. He was an
earnest Christian and church work-
er always. He was a class leader
and served for years both on the of-
ficial board of the Methodist Episco-
pal church at Lima and here in In-
dependence.Aside from his own immediate
family he leaves two sisters, Mrs.
Harry Spratt and Mrs. Candace
Lawrence, both residents of east
Myrtle street, and the only other
surviving relatives.A HOUSE FOR RENT? TELL

SUCCESSFUL PRICE FIXING
Gets Cleveland Stone Company Into Uncle Sam's Clutches.
A MONOPOLY IN STONE BUSINESS.

Market for Grind Stones Being Especially Under Control

Cleveland, O., Feb. 13.—Sensational charges are contained in a civil anti-trust suit for the dissolution of the Cleveland Stone Company and its subsidiaries, have been filed here by order of Attorney General Wickersham. To acquire a monopoly in the building, paving, curbing and grind stone business, the "stone trust" is charged with influencing architects "by a money consideration or by conferring favors" to specify its stone in their building plans; maintaining a separate organization of its subsidiaries to enable them to appear as competitors in bidding for contracts; fixing prices of building, paving and curbing stones in the central states, and controlling the prices of grindstones throughout the United States by agreements with jobbers and rebating.

The Cleveland Stone Company, its subsidiaries and their officers and directors are made defendants by the government's petition in equity including: The Cleveland Stone Company, the Ohio Building Stone Company, the Ohio Stone Company, the Kipton Stone Company, the Malone Stone Company, the Forest Stone Company, the Grafton Stone Company, the Currier Stone Company, the Ohio Grind Stone Company, and the Musser Stone Company, (all of Cleveland); the Clough Stone Company, (Elyria, Ohio); the Berea Stone Company, (Berea, Ohio); the Atlantic Stone Company, (Constitution, Ohio); the Haldeman Stone Company, (Tippecanoe, Ohio); the American Quarries Company, (Mitchell, Ind.); the Perry, Mathewas Buskirk Stone Company, the Bedford Quarries Company and the Indiana Quarries Company, (Bedford, Ind.).

The petition, signed by Attorney General Wickersham and James A. Fowler, assistant to the attorney general, was filed by United States Attorney Ulysses G. Denman.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. Columbus, O., Feb. 13.—Governor Cox has commuted the two-year sentence of Edward Burkett, received at the penitentiary from Paulding county last February for embezzlement, so as to release him at once. Burkett has been a model prisoner and the state board of administration recommended his release.

OBITUARY.

In memory of William T. Barnett who died February 13, 1910. Oh, no, he is not lost, the loved, and cherished, Tho' slumbering deep beneath the graveyard sod, 'Tis but the worthless casket that has perished While he has gone before us unto God.

He is not lost, in youth's bright sunny morning, He gave his heart with all its hopes to God; Then from the world and its allurements turning, He meekly walked the path his Master trod.

He is not lost, his lamp was trimmed and burning, When rang the midnight cry, "Behold he's here," And bright as dawn of the eternal morning It shone in death's lone vale serene and clear.

He is not lost, for with a love undying, He gently hovers o'er the friends left here And toward the pearly gate is ever striving To draw the wandering feet of those so dear.

Oh, no, he is not lost, the loved and cherished, He lives in heaven, to fade and die no more, And when this tenement of clay has perished, Our souls will greet him on the eternal shore. —Father, Mother, Brother, Sister.

NERVY CONDUCTOR SAVES HIS OWN LIFE.
Massillon, O., Feb. 13.—As Frank P. Bedford, of Wooster, a Pennsylvania railroad conductor, was crossing the tracks here a west-bound freight train, traveling at a rate of 30 miles an hour struck him. Bedford caught up on the pilot of the engine, but despite the fact that his hip was broken in three places, he retained consciousness and succeeded in turning an air valve that stopped the train. He then yelled for help and was taken off by the train crew. He is now resting comfortably in a hospital here.

RECOVERING FROM AN OPERATION.

Fred Shoup, Formerly of This City, is Convalescent at the City Hospital.

The many friends of Fred Shoup will be pleased to learn that he is recovering nicely from the operation performed yesterday at the city hospital, and that no serious complications are anticipated.

Young Shoup, who is an old Lima boy, was stricken with an attack of appendicitis while at work in Chicago a few days ago, and hastened at once to this city to undergo an operation. He entered the city hospital yesterday morning, and the operation was performed at once. Shoup is the city salesman for a well known hosiery manufacturing concern in the Windy City, and has many relatives in this city.

WONDERFUL PICTURES! Garden of Allah. Royal today.

There is no safer investment possible than first mortgage on improved real estate. True, inexperienced persons do not know how to judge values of property and might make mistakes by loaning on bad titles. By investing through the medium of the Lima Home and Savings' Association, in addition to the commonly recognized advantages of real estate mortgages, you get the expert service of men who have successfully managed one of the largest financial institutions in the vicinity for the past 25 years, loaning all its funds on first mortgages. Not a dollar is loaned without personal appraisal and expert examination of the title. The property in every case must be worth one-third more than the amount loaned and protected by fire insurance in a company of approved strength. All loans are made in this vicinity, where the property and market conditions can be carefully watched by our officers. Officers and Directors—W. K. Boone, president; C. H. Cory, vice president; Chas. F. Sprague, Secy.; Atty.; Joseph Potter, H. W. Peare, R. W. Parmenter, Ira P. Carnes.

NOTICE TO LOT OR LAND OWNERS AND TO CORPORATIONS

Auditor's Office, Allen Co., O.
In the Matter of the 50th and 51st Townships.
To the lot or land owners and to the corporations, either public or private, affected by said improvement.

You and each of you, are hereby notified that on the 25th day of January, 1913, Alina Madden filed a petition with the Auditor of Allen County, O., the prayer of which is for the location and construction of a ditch on the following described point, route and termini, to-wit:

Commencing at a point about Eighty rods South of the half section line and about Twenty (20) rods West of the quarter (1/4) section line in the South quarter (1/4) of section Fourteen (14), Township Four (4) South, of Range Seven (7) East, Perry Township, Allen County, Ohio; thence in a southeasterly direction to a point about 75 feet West of said quarter (1/4) section line; thence South through sections Fourteen (14) and Twenty (20), said Township, and thence to the Anguize river, and thence terminate.

The above ditch to be tiled throughout its course.

You are also notified that the following time and place have been fixed when and where the commissioners of said County will meet for the hearing of said petition, to-wit:

WEDNESDAY, February 20, 1913, at 10 o'clock a. m. at the place of beginning above described for the purpose of hearing any and all proof offered by any of the parties affected by said proposed improvement, whether the said ditch will be conducive to the public health, convenience and welfare, and whether the route described is the best route and any and all objections to said proposed ditch.

Any application for compensation or damages or for any change of route, must be in writing and filed with the Auditor of Allen County, O., on or before the day set for hearing.

The names of all persons and corporations, either public or private, who in the opinion of the petitioners are in any way affected or benefited thereby are as follows:

Alina Madden P. J. Ditzler, Orpha Ditzler J. W. Rabe, John W. Rabe, Perry Township, Allen County, Ohio.

ATTEST: MADSEN, Petitioner.

NO TRACE OF COIN PLANT

Found by Police in Search of Daniels Residence Yesterday.

COUPLE WERE TAKEN TO TOLEDO

Where They Will Answer to a Charge of Passing Bogus Money.

A thorough search by the police of the home of Irel Daniels, alleged counterfeiters, at 717 St. Johns avenue, late yesterday noon, failed to reveal any evidence that would be of value to the government in the prosecution of Daniels and his wife for counterfeiting. No counterfeit plant was discovered, and nothing was unearthed during the search to show that the bogus coins were made at the Daniels residence.

The furniture at the house was packed, indicating that the family contemplated moving from the house. A bottle of acid, some lead pipe, brass, and the spoons were found in one of the rooms, and taken to police headquarters.

There is no collar under the house, and a thorough search of the premises failed to reveal any trace of moulds or a melting pot in which the metal was cast, while none of the household utensils showed any trace of slag.

A search warrant was issued yesterday afternoon about three o'clock, and officers of the police department repaired at once to the house to make a search. No one was home, and the officers were not hampered in the least during the investigation.

Daniels, and his wife, it will be remembered, were arrested at Ottawa Tuesday evening on the charge of passing counterfeit money, prefaced by Nathan Saloom, a fruit merchant, who claimed that the couple had offered serious coin in payment for a small purchase. Other bogus coins turned up in Ottawa on that day, said to have been circulated by Daniels and his wife.

United States Marshal Ashbrook, of Toledo, arrived in Ottawa today to take the couple in custody, and they were taken to Toledo this morning to be arraigned before the government authorities on a charge of passing counterfeit money. It was hoped that evidence could be unearthed which would substantiate the charge that the money was made in this city, but so far no such evidence has been secured.

Father Not Wanted. That Percy Daniels, of this city, father of the man held, is not wanted by the authorities, as was shown yesterday when he visited his son at Ottawa jail and no effort was made to hold him. The elder Daniels has served a term in the Ohio penitentiary for counterfeiting, and was released from that institution only a short time ago. At the present time he is working for the Warden-Allen company, contractors.

ASK COX TO REMOVE AN OHIO MAYOR.

Columbus, O., Feb. 13.—Asking for his suspension and removal, charges of general unfitness and gross immorality were filed with the governor against Mayor T. Stewart, of New Boston, a suburb of Portsmouth, today.

The charges of gross immorality were based upon testimony brought out recently in a suit brought against Mayor Stewart by Benjamin Collins for the alienation of the affections of the latter's wife. The jury returned a verdict for \$250 against the New Boston mayor.

WEATHER WEAKENS WHEAT MARKET.

Chicago, Feb. 13.—Mild weather and promise of more, made the wheat market weak today. There were also reports that rains had improved crop conditions throughout India. Selling was fairly general with support poor. Opening prices were 1/2 to 1/4 lower. May started at 93 to 93 1/2, a loss of 1/2 to 1/4, and dropped to 92 1/2.

Corn declined on account of heavy receipts, decreased domestic consumption and lightness of exports. May opened 1/2 to 1/4 off at 52 1/2 to 53, and fell to 52 1/4 to 52 1/2. Despite free buying on the part of a leading house, oats sagged with wheat and corn. May which started 1/4 to 1/2 down at 34 1/2 to 35 1/2, touched 34 1/2.

Stock yard dealers sold provisions and forced lower prices. First transactions varied from 7 1/2 decline to 2 1/2 advance, with May at \$19.90 to 19.97 for pork, \$10.70 to 10.72 for lard and \$10.60 to 10.65 for ribs.

REDS APPEAL TO RUBBER WORKERS.

Akron, O., Feb. 13.—Two hundred and fifty striking employees of the Firestone Tire & Rubber company, who have been organized by the leaders of the Industrial Workers of the World, today paraded through the streets of Akron and visited the other Akron rubber shops in an effort to get reinforcements to their ranks.

The strikers are employed in the tire department. None of the employees of other Akron rubber factories had joined the movement up to noon today. Preparations have been made by the police to guard against any unlawful demonstrations or rioting by the men on strike.

The strikers plan to bring William D. Haywood and Arturo Giovannitti to Akron in an effort to organize local rubber workers under the I. W. W. banner.

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the soreness, and soon restores the parts to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

CHICAGO SUFFERS SERIOUS BLAZE.

Chicago, Feb. 13.—Fire of mysterious origin, which began at 2:30 today and was not brought under control until five hours later, caused a loss of \$200,000, the firms affected being the Brunswick-Balke-Collender Company, makers of billiard tables and supplies, 324-328 south Wabash avenue; Chickering Brothers, piano dealers, who occupied the two floors of the five-story structure, and several smaller concerns.

Traffic on the elevated loop was blocked for hours.

Children Cry FOR FLETCHER'S CASTORIA FELL TO HIS DEATH.

Chicago, Feb. 13.—N. E. Rubel, member of a firm of accountants, fell to his death today down an elevator shaft from the nineteenth floor of the McCormick building.

FOR INDETERMINATE SENTENCES IN PEN.

Columbus, O., Feb. 13.—The house has passed the Wiser senate bill providing that hereafter all persons sent to the penitentiary for felonies (excepting only treason and murder in the first degree) shall be sentenced to indeterminate sentences and be subject to release by the state board of administration at any time between the minimum and maximum sentence that may be imposed for their crimes. Two unimportant amendments were made to which it is expected the senate will readily concur.

EARNED HIS REWARD.

St. Paul, Minn., Feb. 13.—Robert A. Smith, five times mayor of St. Paul, died at his home here early today.

Consisting of Harrod Musical and Literary Talent.

The annual farmers' institute of Harrod will be held in Winegardner's hall in that place next Monday and Tuesday. The state institute speakers will be J. S. Brigham and S. W. Burlingame. The sessions will open Monday morning at nine o'clock. Dinner will be served at noon at the Christian church. A round table discussion will conclude the afternoon session, which meeting opens promptly at one o'clock.

The evening session begins at seven o'clock and will be devoted largely to a musical and literary program. Prof. Willis Crofts will deliver an address and the subjects of the state speakers will be in accordance with the remainder of the program. Mr. Brigham will talk on "Farm Economics," and Mr. Burlingame on "Hind-sights."

At the session on Tuesday afternoon, the boys are especially given an invitation to attend. Prof. P. H. Brewer gives an address at this session, of especial interest to the boys. The high school class in agriculture, will furnish the music.

From start to finish, the program is filled with intensely interesting subjects. Officers are: J. A. Grubb, president; E. P. Harrod, secretary; Mrs. Esther Kilgler, Mrs. Audra Harrod, M. E. Roberts, W. C. Johnson and J. R. Harrod, members of the executive committee.

THE DILER.

Norris Sutherland has returned to Lima after an absence of six months spent mainly in California. He has returned to Lima to stay, for he enjoys the climate of the Buckeye state better than that of the coast.

The Lima Trust company has issued a letter to the members of the Lima Clearing House association stating that after the first of March that bank will be open Saturday afternoon until 2:30 o'clock, as on other days of the week.

Cashier C. D. Crites of the First National bank, left over the Pennsylvania lines, Thursday morning, for Chicago, to be in attendance at the funeral of a son of A. M. Harbaugh, an old friend of Mr. Crites.

The death of Master Harbaugh, who was but 13 years of age, came quite suddenly from pneumonia and all the more shockingly since his parents have been in New Orleans for the past several weeks and the dead child's mother, now en route home, left before word reached the southern metropolis that the end had come.

Mr. Crites will remain in Chicago for several days.

Rev. H. Worthington, of Dunkirk, will preach at the Epworth Methodist church this evening at 7:30 o'clock and will have charge of the evangelistic services. The services go on with interest and Rev. Mr. Howey, the pastor, says they will continue yet for some evenings. The public is welcome to attend.

Children Cry FOR FLETCHER'S CASTORIA

EITHER DRIVEN OUT OR PUT IN PRISON.

Chicago, Feb. 13.—Clever check swindlers who made it their business to defraud hotels and the class who carried printing presses and changed the checks and stationery, every week or ten days, have passed, according to the report of the American Hotel Protective Association made public here yesterday. It is said that class of criminals have either emigrated or are in penitentiaries, there having been 122 convictions within the last two years. The convictions were of forgers, thieves and hotel "beats," and in addition the association collected more than \$10,000 in bad debts.

MASTER OF STEEL DIES AT OLD AGE.

Bethlehem, Pa., Feb. 13.—John Fritz, the distinguished iron and steel master, died at his home here early today. He was 91 years old. Mr. Fritz was the last of the group of men who introduced into the United States the Bessemer steel process which was responsible for the tremendous development of the steel industry in this country.

MAYNARD KNOWN AT HOME AND ABROAD.

Boston, Mass., Feb. 13.—George William Maynard, mining engineer, who introduced the Thomas basic steel process into the United States and who has been widely known in the west and abroad as a consulting engineer, died during the night. His home was in New York where he was born in 1839.

TROLLEY WIRE CAUSED TROUBLE.

City Street Car Service Impaired for Forty Minutes Last Evening.

A broken trolley caused a temporary suspension of the city street car service for several minutes early last evening, and scores of people were compelled to walk home in the biting zero weather. Temporary arrangements were made whereby passengers could transfer from one car to another before the break was located and repaired.

The trouble was finally located at the corner of Main and Elm streets, and was hurriedly remedied. It was fully 45 minutes after the break occurred the city traffic became normal.

EXHIBIT STUDEBAKER CHASSIS

Show Space in Lima House Secured for Motor Demonstration.

A Studebaker chassis has been placed on exhibition in the lobby of the Lima House where all interested in motors may examine it. The chassis may be seen there today or any day until Saturday. It was necessary to remove one of the windows of the Market street lobby of the hotel to admit the car frame. N. R. Garland of the technical department of the Studebaker company at Detroit will be present to explain the workings of the different parts of the chassis which has been so constructed that all working parts may be seen in operation for purposes of demonstration. Through the efforts of the Lima agent for the Studebaker, E. H. Hawisher, the chassis was brought to this city. Through a confliction of show dates it will be impossible to retain the exhibit here for the Lima auto show as had been planned by Mr. Hawisher.

RALPH HOOVER CASE SET FOR MARCH 31.

Van Wert, O., Feb. 13.—The case of Ralph Hoover, the eighteen year old farmer boy charged with killing his sixteen year old wife on January 10, today was set for trial Monday, March 31.

The date was designated by Judge Matthias after he had overruled a motion to quash the indictment, a plea in abatement, and a demurrer to the indictment against Hoover.

STAGGERING BLOW TO CREDIT SYSTEM.

Buffalo, N. Y., Feb. 13.—A man who buys merchandise on the installment plan and fails to keep up his payments can recover all the money paid on it if the installment money takes the goods away from him, according to a decision handed down by Justice Louis W. Marcus of the supreme court, judgment upon which was entered today.

DR. WM. COLLEDGE NOTED LECTURER.

Dr. Wm. A. Colledge, who is to lecture here on next Monday evening, February 17, at the Central Church of Christ, west North street, was educated in Glasgow and London and was associated with Dr. Gunzels as the head of the department of language and literature in Armour Institute of Technology, Chicago, for nine years. He was with Stanley in Africa for three years in his explorations. Was editor in chief of the New Standard Encyclopedia, first editor of the Technical World Magazine, fellow of the Royal Geographical society and author of "The Beginning of the Modern Drama."

While a student in London, he heard, and came into intimate relations with such men as Gladstone, Spurgeon, Joseph Parker and Lord Beaconsfield.

He is also a member of the National Teachers' Association and while in our city will give a talk to teachers, meeting for which is now being arranged through Superintendent Davison.

It is certainly a great treat to have such a man visit our city and the Bethany Lecture Course are to be congratulated on securing such an able speaker.

AT THE ROYAL.

One of the most interesting features in the trip to the "Garden of Allah" motion pictures which are to be shown at the Royal theatre, today, are the scenes taken in and around Timgad. "The Pompeii of the Desert." Timgad was a Roman city founded by the Emperor Trajan in the year 90 A. D. Like the ill-fated city of Pompeii, its career was brought to a sudden end at the height of its splendid but wicked revelry. Completely buried by a terrific sandstorm, Timgad remained hidden hundreds of years until discovered and excavated by the French government 30 years ago.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoyed willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey & Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. AGED MOTHER OF MRS. HARRY WRIGHT

Died at Her Home in Sharon, Pennsylvania, Last Evening After Long Illness.

A telegram received late last night by Harry Wright, president of the Ohio Steel Foundries Company, contained the sad news of the death of Mrs. Frances Davis, aged mother of Mrs. Wright, which occurred last evening at her home in Sharon, Pennsylvania. Mrs. Davis had been in poor health for several months, and her condition became so grave Monday that Mrs. Wright was telegraphed to come at once. She was at her mother's bedside when the end came.

Mr. Wright will leave for Sharon this evening over the Erie to join his wife and be present at the funeral services.

Mrs. S. S. S. Van Buren St. Klages (Mrs. Klages) (if it were not for her) had such decided benefit from using Foley's Honey & Tar Compound. She shares her good fortune with others. She writes: "Foley's Honey & Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." Enterprise Drug Store.

SARAH ELIZABETH: Those muffins you liked so well were made from Foley's Honey & Tar Compound.
